

A. Underline the imperatives in the following text.

/10

The pancake recipe in my family is famous! Follow these instructions to make the most delicious, fluffy pancakes you'll ever taste. First, find these six ingredients and put them on the table: flour, milk, one egg, sugar, baking powder and butter. Then, measure one cup of flour and pour it into a big bowl. Add one tablespoon of sugar and three teaspoons baking powder. After the dry ingredients are mixed, it's time for the wet ones. In a small bowl, mix one egg, three tablespoons of melted butter and one cup of milk. Add the wet ingredients to the dry ingredients. Stir the batter until the mixture is wet, but do not overmix. A few small lumps will make the pancakes fluffier. Finally, take the batter and spoon it onto a hot griddle. Wait until small bubbles form on the top before flipping the pancakes over. Watch the pancakes carefully and do not let them burn. Pour some syrup over them and enjoy!

B. Use the verbs in the Word Box to complete the sentences with an affirmative or negative imperative.

/10

1. shut the door behind you.
2. put your feet on the sofa.
